

As part of Camden Council's transformative West End Project, basement surveys are now being carried out across the project area. Kirksaunders Associates will be visiting properties on behalf of our contractor Eurovia, between March and October 2018 to understand and record basement conditions. This way we can make sure that any work being done isn't affecting properties.

If you are not in when the survey is due to take place you will be left a letter notifying you of the attempted visit with contact details to rearrange, the team will also try again on a different occasion. If the surveyor can't gain entry after a few attempts or is denied entry, please be aware that it's your responsibility to prove the condition of your basement. Camden Council/Eurovia will not be liable for any complaint without a report provided by Kirksaunders.

If you are renting, please pass on this information to the building owner or management company. For more information on the surveys and what they include visit www.camden.gov.uk/westendproject where more detail can be found within the FAQs. You can also contact us via westendproject@camden.gov.uk or call the 24 hour Eurovia number on 0845 3308 743.
