## Why First Mile?

First Mile is now recognised as an approved waste and recycling supplier for Bond Street. We are working in partnership with the New West End Company's Bond Street Development Group to improve waste and recycling collections in your area. Our objectives are to:

### Reduce the amount of waste collection vehicles on Bond Street

There are currently 62 waste collection providers operating around Bond Street daily. This can be reduced to just two collection vehicles if you consolidate your services by switching to First Mile, reducing pollution and congestion.

### Reduce the amount of sacks on Bond Street

First Mile provide scheduled collections seven days a week. Our fleet ensures Bond Street is kept clean by providing your business with an efficient service.

### Help your business reduce costs

First Mile is the lowest cost provider on Bond Street and there are no hidden charges. You can save up to 30% across all services and make the most of our free, next day delivery service.

BOND STREET W1  
CITY OF WESTMINSTER

154

First Mile currently serves **154 businesses**, including many of the luxury brand retailers and offices that are based on Old and New Bond Street.

## Collections that suit your business

### What do you collect?

#### Mixed recycling and cardboard

- Paper
- Plastic
- Cardboard
- Glass
- Metal

#### General Waste (Zero to Landfill)

- Anything that cannot be recycled

#### Cardboard recycling

- Large flat-packed boxes

### When do you collect?

First Mile collects sacks from Bond Street several times a day, including during council time bands.

We can also collect from within your premises if you require collections at other times.

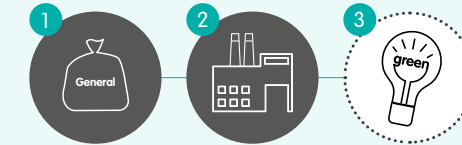

### Where does it go?

#### Mixed recycling and cardboard

All recyclable waste is taken to a mixed recycling facility where it is separated into 14 different material streams, ready for remanufacture into new products.

#### General Waste (Zero to Landfill)

General waste is taken to a facility where it is incinerated to produce green electricity. Any leftover ash is then used as aggregate in building roads around the UK.

### Other services include

- Food recycling
- Confidential recycling
- Toner recycling
- Battery recycling
- Fluorescent tube recycling
- Electrical recycling
